

# GPU Day 2022

## Monday, 20 June 2022

### Session III (14:00 - 15:40)

| time  | [id] title  | presenter      |
|-------|---|----------------|
| 14:00 | [68] Online data processing with GPUs in ALICE during LHC Run 3                 | Dr ROHR, David |
| 14:40 | [49] Machine learning based estimator for elliptic flow in heavy-ion collisions | PRASAD, Suraj  |
| 15:00 | [53] pCT Image Reconstruction -- A Huge Linear Problem                          | SUDAR, Akos    |
| 15:20 | [60] Representation learning in Artificial Intelligence                         | JAKOVAC, Antal |
